

# After Cleaning Care:

After your carpets have been cleaned, some simple precautions should be observed for the best results.

- ✓ Please minimize traffic on the carpet and remember **walking from a damp carpet onto a hard surface can be very slippery!**
- ✓ For their safety, please keep children and pets off recently cleaned carpets until completely dry.
- ✓ To avoid furniture stains or rust spots, please don't remove any pads or blocks our technician may have placed under your furniture until completely dry. Do not slide or move furniture on carpet until completely dry.
- ✓ If carpet protector was applied, drying time may be lengthened. Please allow 24hrs before heavy carpet use.
- ✓ Carpet drying time can vary widely due to the type of fiber and density of the carpet, humidity and temperature, and amount of air movement. To promote faster drying turn on ceiling fans, HVAC fan, and use heat or A/C (whichever is appropriate). Outdoor ventilation can also be helpful if weather permits.

## How to Use 'Spot Out':

### Solid Material Spills:

Ex. moist potting soil

1. Remove all solid material by gently scooping or scraping with a spoon.
2. If solid and has not absorbed into the carpet, allow to dry and scrape and vacuum remaining material later.
3. If spot remains, continue with 'Spot Out' procedure.

### Solid Material with liquid:

Ex. Cereal w/milk

1. Remove all solid material by gently scooping or scraping with a spoon.
2. Blot with paper towels or clean white towel to remove excess moisture.
3. If spot remains, continue with 'Spot out' procedure.

### Liquid Spills

'Spot Out' Procedure

1. Blot with paper towels.
2. Moisten spot with water and blot. Repeat until no spotting is transferring to paper towel then continue to step 3.
3. Dribble (not pour) or spray 'Spout Out'
4. Gently message Spot Out into carpet fibers (do not scrub).
5. Blot with clean towel. Repeat steps 3-5 as necessary.
6. Moisten spot with water and blot dry.
7. Moisten spot with water cover with paper towel weighted with jug of water.
